FEATURES

The all-new embedded media player powered by Tizen

A key aspect of the enhanced TIZEN-based SSSP 4.0 platform, Samsung's MagicInfo Player S4 enables users to fully leverage the power of their display network from any location through a centralized server. More useable than ever, MagicInfo Player S4 merges a dedicated Backup Player with DataLink content streaming capabilities to reduce the effort needed to share vital information.

Bring an end to unwanted glare and always be assured of high visibility and readability

All of Samsung's new PMF and PHF standalone displays are IP5x certified, signifying their dust-resistant design and ability to withstand a range of environmental conditions.
