

# RotationUnit

1

The rotation unit is already mounted on the regular foot plate of the tube

2

Fix the foot plate on the straight side of the tube, using two M6 screws

3

Fix the rotation unit to the surface using your own choice of screws, according to the material.

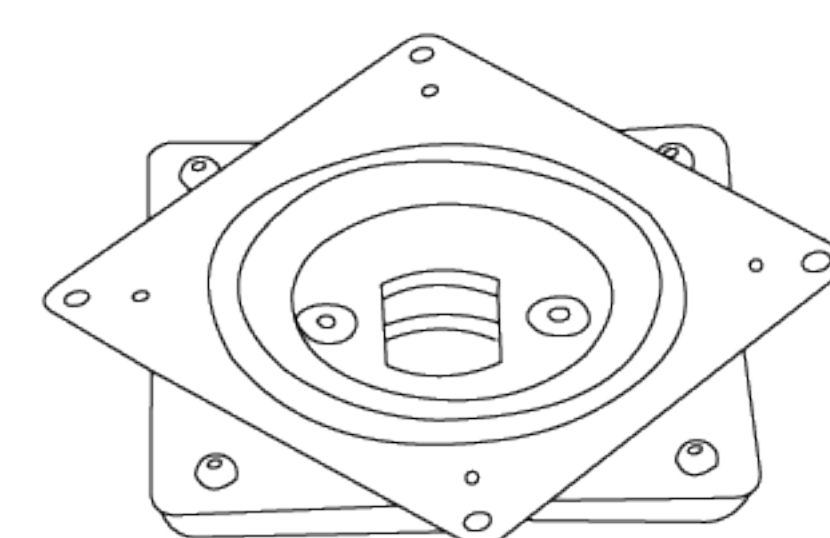

4

Slide the cover ring over the diagonal side of the tube.

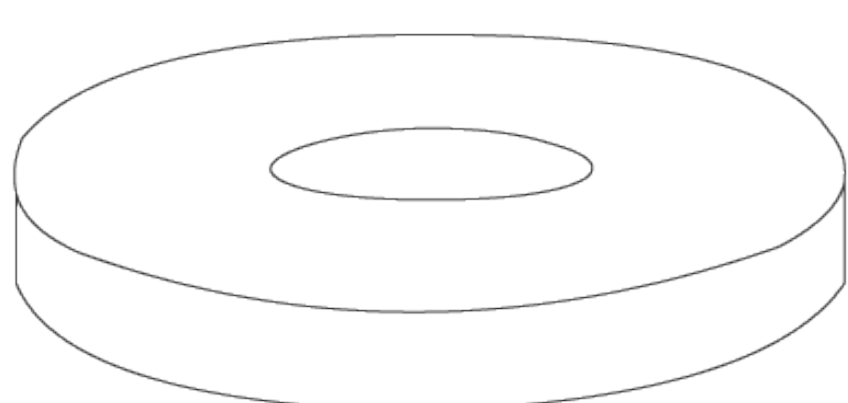

5

Mount the tablet to the diagonal side of the tube as described in the accompanied instruction manual.
