

Laptop Charging Trolley

Unobtrusive, easy to use & with neat cable management

Provides charging and secured storage for 16 or 32 Laptops (see shelf dimensions). Horizontal device storage for easy access, with only a short length of power lead presented to each shelf.

Key features:

- Compact (less than 1m high), simple, elegant & unobtrusive design
- Charging using the manufacturer supplied AC adapters, all stored in a separate and secured electrical compartment with storage for power “bricks” & cables
- Cable management with only a short length of DC power cable presented at the front of each shelf - so cables are all neat & tidy, very simple to connect and can't go missing
- Sequential soft start power management module as standard to prevent fuse and circuit breaker issues
- Choice of RFID access card / fob, digital code (with master key) or key locks
- Doors fold back 270 degrees preventing damage, providing easy access and with magnetic retention
- Handle cut outs to help you steer, lockable doors and large lockable castors
- Available in trolley or cupboard variants
- Now also available with **zioxi onView** web control and monitoring

Laptop Charging Trolley

Shelf dimensions:

The laptop shelf size (mm) is 450d x 300w x 40h (sufficient for most laptops & netbooks). These dimensions also need to accommodate the power lead connector plugged into the laptop. Please check this carefully, if in doubt then please give us a call.

End power connection

Back power connection

Finish	White melamine-faced MDF carcass and doors, compact laminate top (trolleys only), extruded shelves, metal electrical compartment cover in zioxi blue.
Power	Requires 1 external power socket. Supports UK & EU plug sockets for laptop AC adapters, others by request. <i>(Individual laptop adapters are not included)</i>
Warranty	5 years (2 years for electrics)
