

# iPad Charge & Store Cupboard

*Compact, unobtrusive and easy to use*

The **zioxi** iPad Charging Cupboards provide the ability to charge & store 16, 20, 32 or 40 iPads and USB tablets - with cables presented and retained at the front of each shelf and all in a very compact and unobtrusive unit.

Key features:

- Charging using the manufacturer supplied AC adapters, all stored in a separate secured electrical compartment
- Cable management with only a short length of retained USB cable at the front - so cables are all neat & tidy, very simple to connect and can't go missing
- Choice of RFID access card/fob, digital code or key locks
- Design & construction supports wireless device sync
- Doors fold back 270 degrees and held open or closed by magnetic latches
- Large shelf size to accommodate any standard case design, including the Griffin Survivor & Otterbox Defender
- Available in compact cupboard or trolley variants, as integrated modules within the **zioxi** TeacherWall and CubeWall product ranges and in charge & sync variants
